

BUNDEENA BAY

The seasonal change and development of our vines reminds us to celebrate the way friends and families endure and how life flows on. Day after day and season after season. Our "Vineyard Series" celebrates these seasons and the hard work and commitment of our Five Families who own and maintain our vineyards.

BUNDEENA BAY ... FOR WHEN IT'S BEEN A LONG DAY!

BUNDEENA BAY PINOT GRIGIO

Pinot Grigio is a medium weighted grape variety that is mainly associated with Italy. However in Australia and at Penmara we would like to think of this grape as one of our own. This wine offers complexity, lots of flavour and a crisp refreshing acidity. Plenty of juicy limes and apples on the palate, with a tight mineral backbone that finishes with crisp acidity and a clean refreshing mouthfeel.

BUNDEENA BAY SAUVIGNON BLANC

If you love the fruitiness of Marlborough in New Zealand and the structure and mineral freshness of the wines in Sancerre, then this wine is for you! Stylistically we have produced a wine that fits between these two styles and in our opinion better than both. Sourced from a cool climate growing region in Orange of New South Wales, this wine just screams elegance and class. The nose has a lovely steely, passionfruit character with a touch of herbaceousness. Citrus characters fill out the flavour profile, with zesty acids adding length and structure.
